4. CLUB & PLAYER REGISTRATION

4.1 Football – General

- 4.1.1** The understanding of the registration process of players is vital for clubs when considering the promotion of juniors to senior football during the home and away season or for the selection of juniors in senior finals football.
- 4.1.2** Before finalising a player's registration, clubs must sight the player's original birth certificate and upload it to the players profile online. In cases where a birth certificate cannot be obtained, the club must contact the League to seek approval to use another process to confirm a player's age. The League may request to sight the original copy of a player's birth certificate and/or other age-related documentation at their discretion.
- 4.1.3** For Senior Clubs that provide a pathway (sponsor) to senior football for a standalone Junior Affiliated club, they must provide the NFNL with a Memorandum of Understanding signed by the Presidents of both Clubs in order to have junior footballers from that Junior Affiliated Club eligible to play senior football with the sponsoring Senior Club. To play senior football with the sponsoring club, a Match Day Permit is still required to be completed online at the NFNL website. Junior Clubs should consider the impact of players playing out of their age groups in seniors (Under19, Reserves, Seniors) in regard to the impact on an individual player's qualification for their junior team for home and away and finals matches. Refer to NFNL By Law 4.2.2(b)

- 4.1.4** No person may play in any matches authorised or conducted by the League, other than practice matches, unless that person has registered with an NFL Club with player details recorded on the online Competition Management System.

 - f) ***The hierarchical order is Senior Men/Women, Reserves, Under 19s, Juniors age group, competitive junior grades blue, red, green and silver.***
 - g) ***Refer to final's eligibility for clarification of movement between age groups/grades and teams for finals participation.***
 - h) ***Where a club fields two or more teams in the under 19s competitions, a player is permitted to move between these teams during the home and away matches, but once they have played five (5) matches in the higher graded competition team they may not move to the lower graded team for the remainder of the season, including finals.***
 - i) ***Where a Club has two Under-19 teams in the same division, each team must be registered separately, and they will take part in the competition on the same terms and conditions as if they were entered as separate clubs. Movement of players between teams in these circumstances can only be made after League approval is obtained. A list of players of teams concerned must be forwarded to the League office before the first round of the home and away season. Players can be rotated between teams no more than three (3) times during the home and away season.***
